WORK EXPERIENCE

Nuclear Promise X — Whitby, ON, Canada
Digital Product Owner and Designer — 03/2023 – Present

- Led cross-functional teams within the Products department in delivering digital solutions by defining product features, prioritizing backlog items, and ensuring alignment with clients such as Ontario Power Generation, and Bruce Power.
- Managed product roadmaps by collaborating with key stakeholders, conducting user interviews, and identifying pain points leading to streamlined digital processes and boost overall user experience.
- Transformed client's requirement and discovery work findings into high-fidelity wireframes using Figma, aligning with company brand guidelines, user expectation, and technical constraints for developers.
- Defined project requirements by creating detailed user stories and acceptance criteria based on discovery sessions, and stakeholder feedback, leveraging Azure Devops to ensuring alignment with Agile development methodologies.
- Validated project's functional requirements by developing a user acceptance testing (UAT) plan to ensure streamline stakeholder quality assurance testing, embedding the acceptance criteria from Azure DevOps.

Ontario Power Generation — Pickering, ON, Canada
Template Specialist — 04/2022 – 03/2023

- Spearheaded the development of a province-wide IT health status app, enhancing company operations through real-time system status updates and proactive maintenance using Microsoft Power Apps and Power Automate.
- Modernized workflow by digitizing paper forms into responsive web apps with Figma, Microsoft Power Apps, Power Automate, and SharePoint.
- Standardized document templates for the entire company, ensuring consistent branding and streamlined document creation using Figma, Microsoft Office, and Visual Basic for Applications.

Royal Bank of Canada — Toronto, ON, Canada
Data Analyst, Global Procurement — 03/2022 – 04/2022

- Influenced decision making on how to invest in socially responsible vendors by modelling and visualizing diverse spend datasets leveraging Excel and Tableau.
- Enhanced data accuracy and cleanliness by implementing a new migration tool that involves process mapping and elimination of errors to ensure the department can utilize for future projects.
- Revamped department identity by designing various team logos that align with RBC's styling brand using Figma.

Royal Bank of Canada — Toronto, ON, Canada
Data Analyst, Global Procurement - Career Launch Program — 11/2021 – 03/2022

- Reshaped text-based datasets into user friendly dashboard leveraging bar charts, line graphs and trend lines from Tableau and Excel.
- Optimized team workflow by consolidating and integrating major team milestones into centralized user experience using PlanView ProjectPlace.
- Enhanced UI and UX of the departments connect site from end to end through wire framing, testing and integration leveraging with Figma.

Royal Bank of Canada — Toronto, ON, Canada
Web Expansion Coordinator - Career Launch Program — 09/2021 – 12/2021

- Designed and developed campaign advertisement for United Way's marketing initiatives using Figma.
- Lead campaign analytics providing insights to project leads by visualizing project expenses and donation reports using Tableau and Excel.

WORK EXPERIENCE CONTINUED

Royal Bank of Canada — Toronto, ON, Canada
Credit Card Dispute Advisor - Career Launch Program — 03/2021 – 9/2021

- Assisted clients with recovering credit card dispute amounts by researching and building cases that were reviewed by credit card companies.
- Validated data from internal and third-party systems that ensured appropriate course of action was pursued.

Ferraz Creative — Toronto, ON, Canada
Junior Web Developer — 09/2020 – 06/2021

- Built production websites by collaborating with senior developers and designers on aspects of the site using the tech stack of PHP for WordPress, HTML, CSS, JavaScript and Figma.
- Maintained website quality assurance by implementing responsive testing to ensure the backend data and front-end interfaces reflect properly on all platforms.
